

DIGITAL ON-DEMAND

Bite-sized education on data, artificial intelligence, and emerging technologies

Free Education Resources

Chief Digital and Artificial Intelligence Office (CDAO) has partnered with Digital University (DU) for access to Digital On-Demand, a cohesive educational resource that delivers foundational knowledge related to data, artificial intelligence, and emerging technologies to all members of the DoD military and civilian workforce.

Digital On-Demand provides free access to articles, videos, podcasts, course content, downloadable e-books, and more! These self-paced, bite-sized resources are designed to support digital careers with professional insights from top universities and industry experts.

Digital On-Demand is available now! Courses available through DU may require a license fee. New courses and materials will be added regularly so stay informed!
